## Yard Helper Kid's Wheelbarrow Assembly Instructions

| \# Description (Qty.) | $\#$ Description (Qty.) | \# |
| :--- | :--- | :--- |
| \#1 - Handles (2) | $\# 6-$ Front Frame (1) | \#11 - 55mm Axle Bracket Bolt (2) |
| $\# 2-$ Poly Tray (1) | $\# 7-$ Leg Connector (1) | \#12 - Flat Washer (8) |
| $\# 3-$ Wheel (1) | $\# 8-$ Leg (2) | \#13 - Lock Washer (8) |
| $\# 4-$ Axle Bracket (2) | $\# 9-45 m m$ Tray Bolt (4) | \#14 - Nut (8) |
| $\# 5-$ Axle (1) | $\# 10-14 m m$ Leg Connector Bolt (2) |  |

Tools required: adjustable wrench, flat head screwdriver
Pre-Assembly: verify all components

STEP 2: Attach the Leg Connector (\#7) to the outside of the Legs (\#8) by placing Leg Connector Bolts (\#10) through the

Leg Connector and Legs. Use Flat Washers (\#12), Lock
Washers (\#13) and Nuts (\#14) to secure. Tighten Loosely.

STEP 3: Place the Poly Tray (\#2) upside down and insert (from the inside of the tray) the Tray Bolts (\#9) through the Tray, the Handles and the Leg Assembly. Use Flat Washers (\#12), Lock Washers (\#13) and Nuts (\#14) to secure. Tighten Loosely.

STEP 5: With Wheelbarrow upside down, place Wheel Assembly from Step 5 on Front Frame (\#6). Insert Axle Bracket Bolts (\#11) through Frame and Axle Bracket (\#4). Use Flat Washers (\#12), Lock Washers (\#13) and Nuts (\#14) to secure. Tighten Loosely.

STEP 4: Place Axle (\#5) through Wheel (\#3) and slide one Axle Bracket (\#4) onto the Axle on both sides of Wheel.
